

TELEMASTER TIRES

NEW TELEMASTER TIRES AVAILABLE FROM JLG

Specially designed for demanding environments, new Telemaster telehandler tires offer a comfortable ride and longer service life. These solid, flat-proof tires are available as an option on select JLG® and SkyTrak® telehandlers. Get the rugged tire solution from JLG and Continental.

These solid tires are made of highly specialized rubber compounds that work together to provide outstanding durability and lower total cost of ownership. They feature superior heat rejection and low heat buildup, minimizing tire wear.

Their unique, non-directional tread pattern gives operators a comfortable driving experience, especially on hard surfaces. Plus, the tread blocks have more gripping edges to enhance traction and promote self-cleaning on mud and gravel sites.

Features and Benefits Include:

- Enhanced Service Life & Comfort
- Advanced three-layer design for long-lasting service and a more comfortable ride.
- Increased Damage Protection
- Reinforced sidewalls prevent punctures and cuts from sharp objects on the job site.
- Improved Traction
- Circumferential rib tread pattern gives the machine high traction in both directions.
