

ZF TRANSMISSIONS REMAN PARTS

(RE)USE. (RE)NEW. (RE)BORN.

SAVE TIME AND MONEY WITH JLG REMAN PROGRAMS

JLG Reman presents: ZF Transmissions Program. This program provides the customer with a lower cost alternative to purchasing new ZF transmission, as well as an increased warranty life. All ZF transmissions in the program are remanufactured to current OE standards. In completing each unit, ONLY original components are used in order to ensure the utmost quality.

Features and Benefits:

- Savings up to 50% off when compared to new units
- 1 year or 1,500 hours warranty (whichever occurs first)
- Eliminates investment in training, specialized tooling and test equipment at customer's facility
- All seals and gaskets are fully replaced
- Units tested to latest factory test specifications and painted (primer)
- Free one way shipping for Reman transmissions (customer responsible for returning core)
- Environmentally friendly: Reuse of cores eliminates waste
- Repair and Return available on all ZF Transmission units (regardless of make/model) - More info can be requested by reaching out to reman@jlg.com

SkyTrak Legacy
